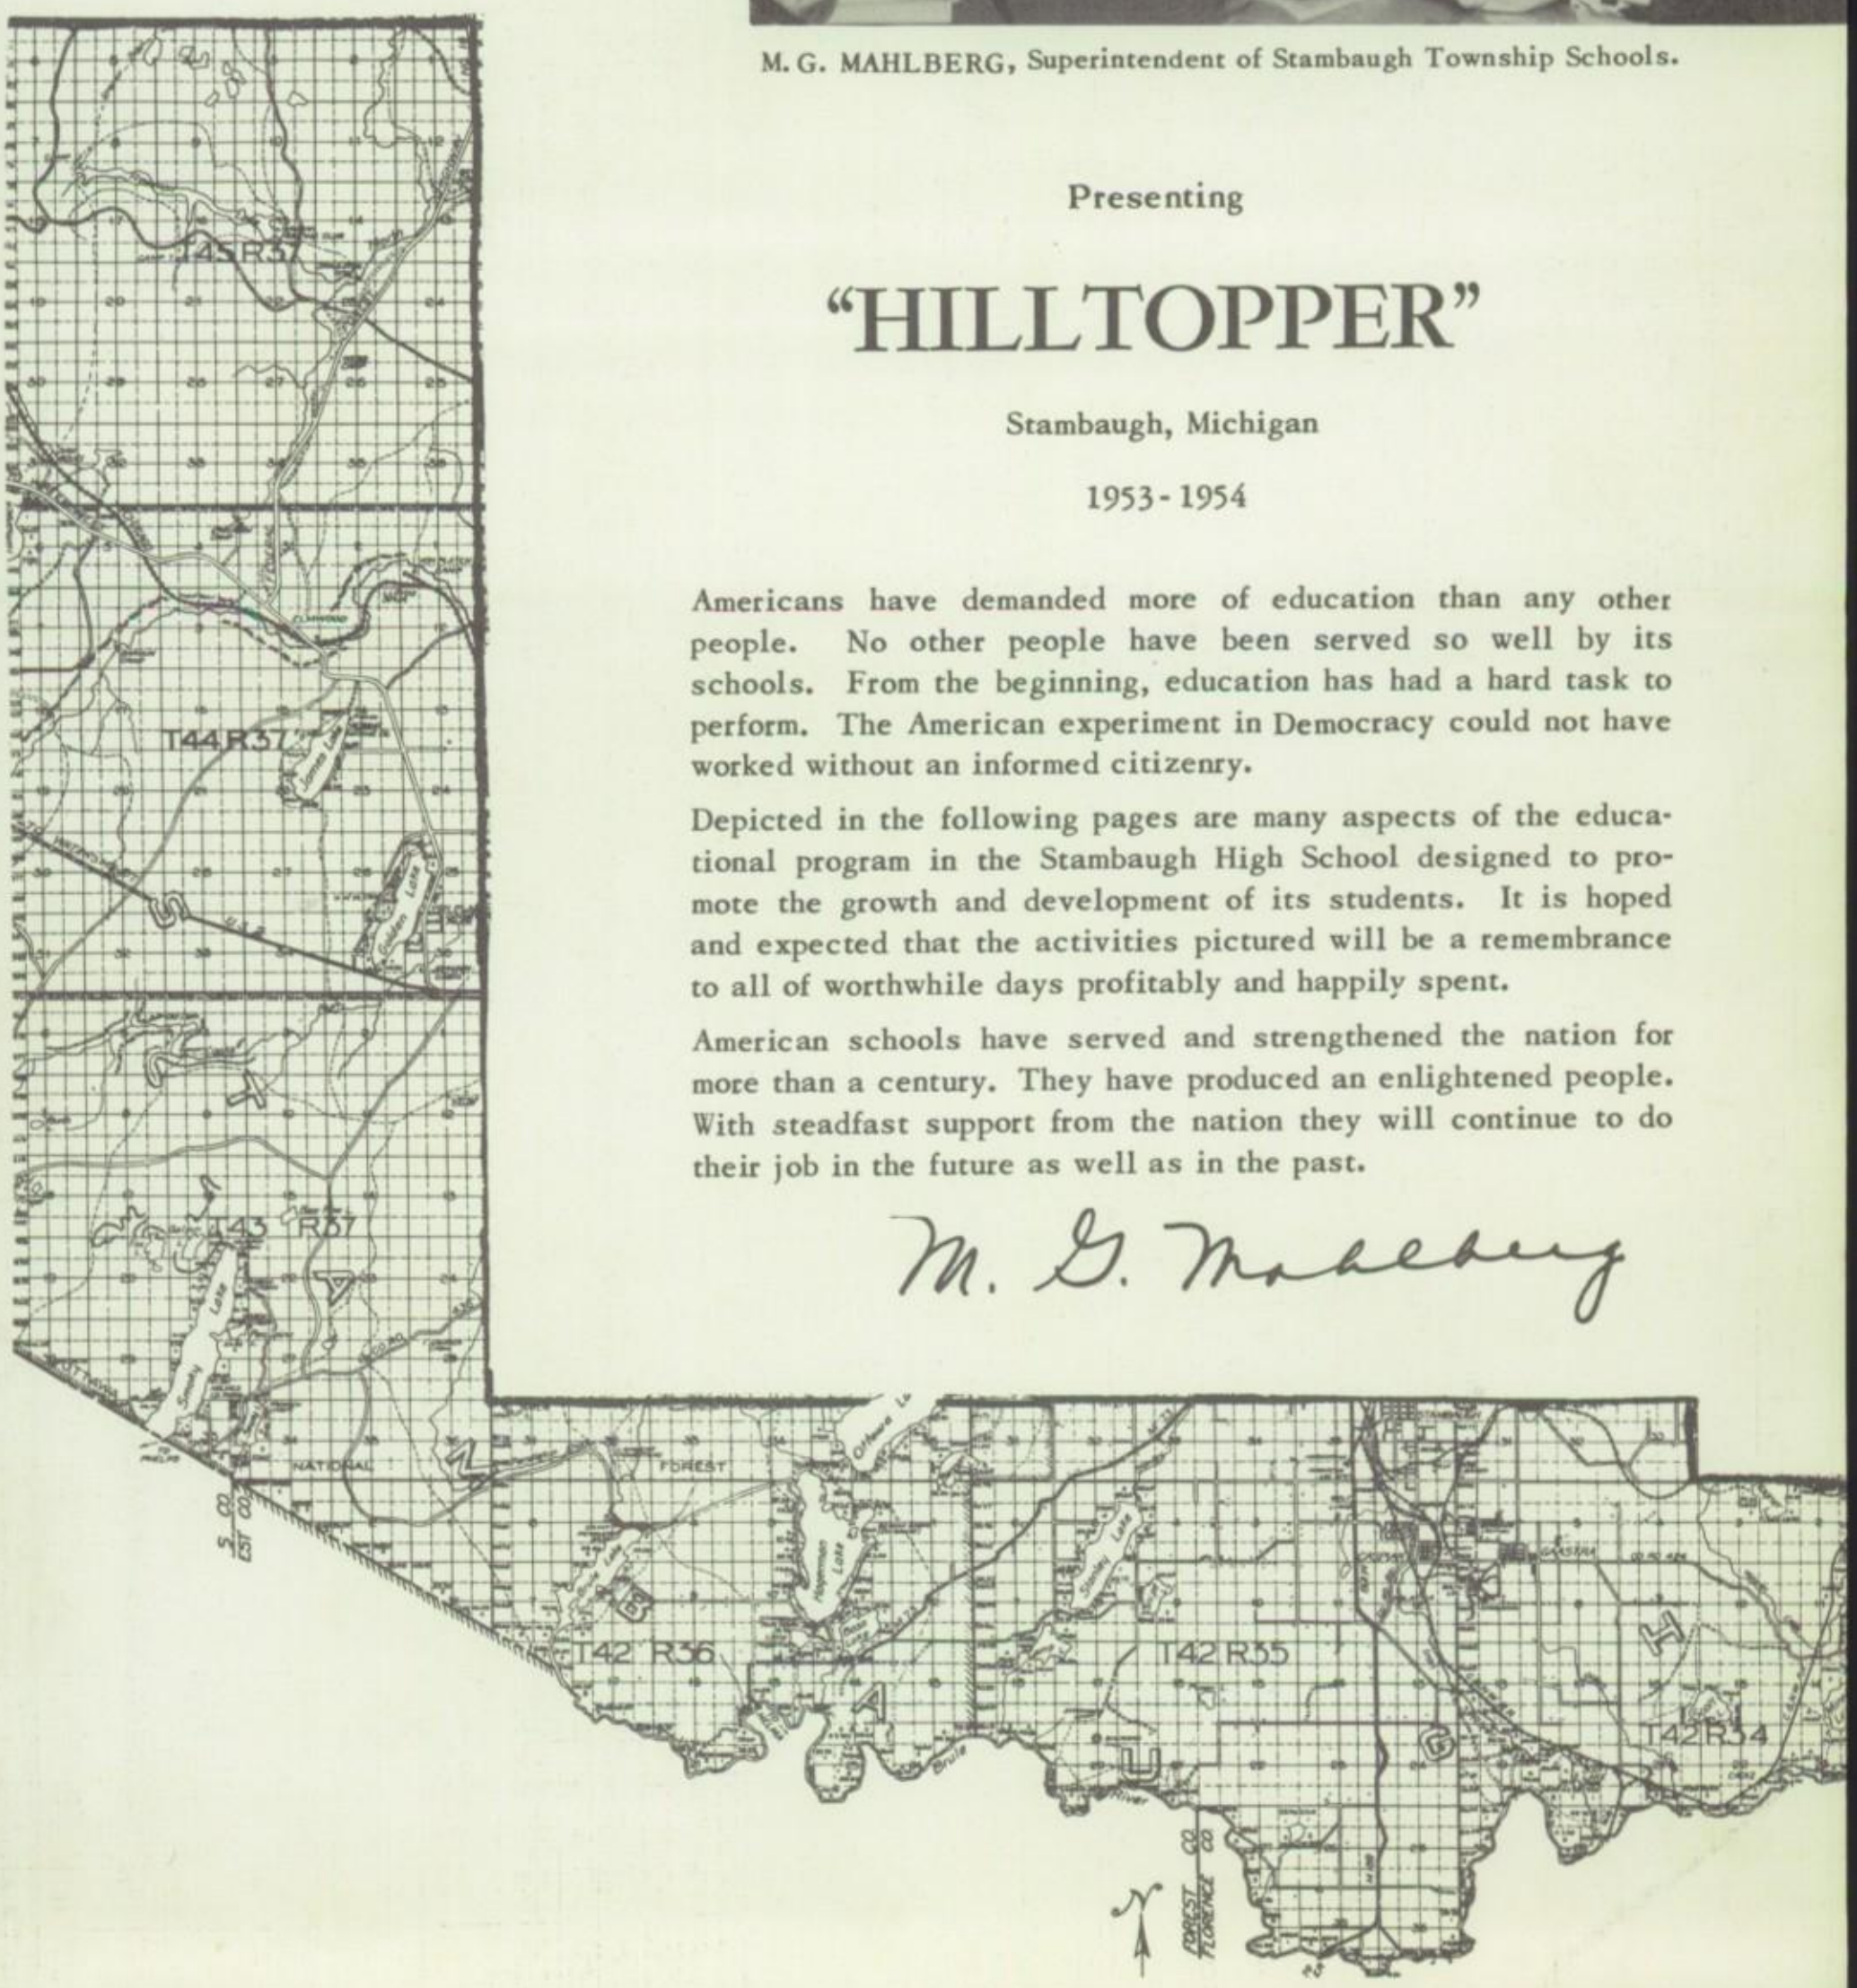
M. G. MAHLBERG, Superintendent of Stambaugh Township Schools.



Presenting

"HILLTOPPER"

Stambaugh, Michigan

1953 - 1954

Americans have demanded more of education than any other people. No other people have been served so well by its schools. From the beginning, education has had a hard task to perform. The American experiment in Democracy could not have worked without an informed citizenry.

Depicted in the following pages are many aspects of the educational program in the Stambaugh High School designed to promote the growth and development of its students. It is hoped and expected that the activities pictured will be a remembrance to all of worthwhile days profitably and happily spent.

American schools have served and strengthened the nation for more than a century. They have produced an enlightened people. With steadfast support from the nation they will continue to do their job in the future as well as in the past.

The National Honor Society is an organization of students from all over the United States, who have excelled at scholarship and citizenship in school. Each year, students from the upper one-third of their class are chosen for induction into the organization. These students have qualified for induction into this organization by maintaining a B or better grade in school, and showing an interest in extra-curricular activities.

The End of a Perfect Day

When you come to the end of a perfect day,
And you walk alone in thought,
When the chimes ring out the carol gay,
For the joy the day has brought,
Do you think what the end of a perfect day
Can mean to the brave of heart,
When each one must travel along his way,
And dear friends have to part?
Well this is the end of a perfect day,
And the end of a goal long sought.
But there remains the future's ray,
And a whole new life to be wrought.
But memory has painted this perfect day,
With colors that never fade,
And we find, at the end of a perfect day,
The joy of the friends we've made!
